

# KETTLE CREEK

Home & School and School Council

## FUN FACT

The shamrock, known as "seamroy" to the Celtic people, symbolized the rebirth of spring in ancient Ireland.

## March Update

In February we started off with GREAT news from our underground expert. It sounds like an early spring is on it's way!

We celebrated Family Day with our collaborative project, the Kettle Creek Family Recipes 2021 eBook. A great big thank you to all that made this project possible. Hopefully everyone has enjoyed testing out some of these delicious recipes, as much as we have!

Whether we are in person or virtual learning, our Home & School Association / School Council (H&SA / SC) remains committed to strengthening our community. We have exciting things planned for the rest of this school year.

Here's a look at what we have in store:

## Noteable Dates

- 01 - World Compliment Day
- 03 - Home & School Council Meeting @ 6:30
- 05 - PA Day
- 14 - Daylight Savings
- 17 - St. Patrick's Day
- 20 - Spring Equinox
- 21 - World Poetry Day
- 27 - Passover Begins
- 28 - Palm Sunday

## **Multicultural Day March-April**

We will be celebrating who we are, our community's diversity and cultivating inclusion and a greater understanding of our unique backgrounds. Planning for this event is underway.

Volunteers are always welcome! Details will be discussed at our next Home & School/School Council Meeting (Wed. Mar. 3rd).

## **Junior Council gr. 7&8**

We want to empower our senior students to get involved with Home & School and School Council. Our first project together will be Multicultural Day where our young peers will represent additional countries to diversify our cultural education!

## **UNESCO's World Book Day April 23rd**

We look forward to celebrating the beauty of reading, imagination and favourite book characters of the staff and students at KCPS.

## **30 Day Fitness Challenge May**

A schoolwide challenge for students and families. We will provide activities and challenges throughout the month to promote a healthy lifestyle through exercise and wellbeing.

## **Eco Day June 5th**

We will be championing the United Nations' World Environment Day to inspire our community to learn and participate in activities that focus on eco-awareness and sustainability.

# Ongoing

## Playground

We are happy to have movement on this topic and we are looking forward to getting some feedback from our play experts, the kids!

## Community Speaker Engagement Opportunities

We are always seeking to champion positive voices within our community to partner with us and help our efforts in cultivating a strong, compassionate community.

Is there an area we could better support our kids? What would you like to hear about from our speakers?

## Stay Up-to-Date

We are building our school family database in order to support a connected community where you will be updated on upcoming events and activities. If you haven't already done so and want to be kept in the loop, please send an email to

[kettlecreekhomeandschool@gmail.com](mailto:kettlecreekhomeandschool@gmail.com) with your name and email in the body so we can update our records. As always, if you are interested in volunteering, have a community speaker in mind for a future partnership or any other suggestions to share, please contact us at [kettlecreekhomeandschool@gmail.com](mailto:kettlecreekhomeandschool@gmail.com). We would love to hear from you.
